

Session Booklet – Bus Times

In this session, we are going to look at a website to help us get around using public transport. Rather than a specific company website like Stagecoach, we are using www.bustimes.org, which works across multiple companies and across the UK.

Bus Times

1 The first thing we are going to do is access the Bus Times website.

Using your web browser, enter www.bustimes.org into the address bar and press enter.

Knowledge check – How many regions and countries does Bus Times offer times in?

2 Now we are on the bus times website, we are going to look for a specific bus route.

We first need to select a region. We are looking for a bus route in the North West region. The regions are then broken down into areas of the North West. We are looking for a route in Greater Manchester.
