

No-Bake School Bus Cookies

Ingredients

Graham crackers

Red grapes or red candy

Yellow icing

Chocolate and cream
sandwich cookies

Brown writing icing
(optional)

Directions

1. Holding a graham cracker horizontally, break or cut one small section off the top right corner. This will be the front of the bus.
2. Cover the large graham cracker in yellow icing.
3. Break or cut a graham cracker into 8 rectangles - these will be used as the windows of the bus. Holding them vertically, place them on the big yellow graham cracker along the top.
4. Cut a grape in half and use it as a stop sign, below the first window on the front of the bus. If using candy, place a piece of red candy in this spot.
5. Place two chocolate and cream cookies on the bottom for wheels.
6. If using brown icing, draw lines horizontally along the large yellow graham cracker, as you would see on a school bus.
7. Take a bite and enjoy!
